

Year 3 - Summer 1

Boundary Learning Together

You can complete one task a week and bring them in weekly or you can complete them all at once and bring them in on the last THURSDAY of term.

You will also receive weekly spellings and times tables which will be handed out every Friday and collected in every THURSDAY. Please make sure this is the day it is sent into school, to allow it to be quarantined and then marked by your teacher on the following Monday. If it has not been completed, your child will spend Friday break time completing it, inline with our school home learning policy. Thank you.

Draw a Character of your own and describe it using adjectives, similes, alliteration and clear speech punctuation to demonstrate what they might say.

READ! READ! READ! Write a book review about the Home Reading book you have read or about any text from Reading Plus.

Create your own 3D model for a Shell Structure from card or thick paper for a purpose! Who is it for? What job does it do?

Our Science is all about

PLANTS

Draw a flowering plant and label it. Explain the Lifecycle of a plant.

Grow a plant at home and bring a photo in or send a photo to Seesaw.

Use Timestable Rock Star to practice your multiplication skills, and revision tasks are set on MyMaths. Use Spelling Shed to practice weekly spellings in a fun way! Use Reading Plus daily!

Record yourself on Seesaw recapping the names of the fruits and animals that you have learnt last term.

In RE we are learning about Christianity and God. Find out about Christians serve God, what do they do to show their love to God?

Make your own printing block and create your own wrapping paper design using a repeated pattern in different bright colours!
