

Reading into Writing

Why not write a book review of our class book?

Or can you write an explanation as to how sounds work?

Science

Can you make a model of how sound works?

Maybe use the ideas we had in our WOW to help you?

Can you draw how the vibrations of sound move?

Maths

- 1) Draw a 90 degree angle
- 2) Draw a 180 degree angle
- 3) Draw 2 acute angles and label them
- 4) Draw 2 obtuse angles and label them

Get creative!! Pick from this list:

Build the clock tower from Stanley Park

Make a French story book

Create an advice booklet on how to be more accepting of your body

Make a model of a character from Zero to Hero.

Fancy something different?

Can you do a project which explains what you have been doing at swimming throughout year 4?

Research Christianity and find out what 'love your neighbour' means

Make a video of you performing a French poem

Teach your family members French numbers to 50
