

BLT topic and creative tasks

Science

What can you find out about space? What are the most interesting facts and figures you can find?

Maths

Continue to practise your multiplication and division skills using www.trockstars.com. If you need your log in details, ask your teacher.

Reading

Find a piece of figurative poetry and start to learn it off by heart. What is the theme of the poem? How does it make you feel? What language makes the description come alive?

Computing:

Create a poster about how to stay safe online. We will share the best posters with other classes.

Science

Create a model of a planet or even the whole solar system. Could you include the sun and all the planets? How could you make it 3D? What materials will you choose?

Bring your homework in when you have done it to share with the class and school.

Geography

Create a fact file about rivers around the world. You could choose one river or compare rivers in different countries.

Alternatively, can you create a model that explains the moon's movement around the Earth

Weekly maths, GPS and spelling activities will be issued every Friday and need to be handed in the following Thursday.
