

Creative Model

Create a piece of work that explains how sound is created and how it travels. You can present this in any way that you wish. This could be done in the form of a poster, scientific explanation or a 3D model. Be creative! Remember, the best ones will be displayed outside Miss Ashton's office.

Year 4 Autumn 1

Art

Can you research drawing? We will be looking at EH Shepard and Howard Brodie this half term. What can you find out about them and their style of art?

Read, read and read!

Remember to read at least 3 times a week! Make sure you are constantly revising your times tables. They are sooooooo important!

Letter

Write a letter to the council to complain about the noise levels of a nearby concert.

Remember, a good letter will have:

An opening viewpoint explaining why you are writing, persuasive sentence starters, rhetorical questions, scientific evidence to support your reasons and a closing statement reinforcing your viewpoint.
