### Year 5 – Autumn BLT topic and creative tasks

### **Science**

Go on a materials hunt around your house! How many different materials can you find? Can you sort them into different categories?

#### French

Create a poster that includes the French words for colours, numbers and greetings. We will be using these in future French lessons.

## **Geography**

Create a fact file about rivers around the world. You could choose one river or compare rivers in different countries.

# **Maths**

Continue to practise your multiplication and division skills using <u>www.ttrockstars.com</u>. If you need your log in details, ask your teacher.

It is vital that you know all multiplication tables up to 12 x 12

# <u>Music</u>

What is your favourite song? Who is your favourite band? Which type of music do you like? Write a magazine article about your favourite music. Tell the reader why you like it. Include pictures if you can.

## **Boundary Characteristics**

Create a poster about the Boundary Characteristics. Which are the most important to you? Why? How can you demonstrate the characteristics?

Bring your homework in when you have done it to share with the class and school.

Weekly maths, GPS and spelling activities will be issued every Friday and need to be handed in the following Thursday.
