

On 11<sup>th</sup> November, we celebrate Armistice Day. This day celebrates the signing of an armistice (a formal document that is signed by warring parties to stop fighting). We would like you to find out about WWI in France and how the war affected French citizens and create a non-chronological report about it. This could be done on paper or on Docs/Slides and emailed to us or added to the classroom.

Write a job specification for someone who wants to become an anti-bullying ambassador. Make sure you use the school characteristics in your writing. Hopefully, we will adopt one of these job specs for future applicants.

## Year 6 Homework Tasks.

Can you write your own Science Fiction story using what we have discussed in class?

Think about characters, settings, how to develop the story. There will be a prize for the best, most original story!!

Your story will be due in no later than Friday 27<sup>th</sup> November.

Can you create a biome diorama? In Geography we are going to be learning about the different biomes in the world, the animals that live there and the plants that grow. Your challenge is to use a box/shoebox and recreate one of the biomes and show things that live there. If you Google 'biome diorama', you will get lots of ideas to give you inspiration. We'd like these in by 4<sup>th</sup> December.
