

## Summer 1 'Getting Green'

In **Writing, GPS** and **Reading** we will be writing a themed story and using inverted commas to punctuate direct speech.

We will also be looking at the arguments for and against deforestation and writing our own discussion text.

Finally, we will be exploring how to use the perfect form of verbs to indicate a completed action.

In **Maths** we will be looking at fractions. We will learn how to recognise, compare and order fractions and solve problems.

We will also be learning how to tell time, using an analogue clock, including how to use Roman numerals. We will learn about the number of seconds in a minute and the number of days in each month, year and leap year.

In **Science** we will be learning all about plants. We will investigate and describe the function of different parts of flowering plants and explore the requirements of plants for life and growth.

We will also be learning about the way in which water is transported within plants.

In **Geography** we will be learning about Europe and developing our understanding of the variety of places, knowledge and cultures which make up Europe.

In **PE** we will learn about using appropriate running techniques for distance and how to take part in a relay, remembering when to run and what to do. In Tag Rugby, we will learn to be aware of space and use it to support a team.

In **Art** we will be looking at the works of Vincent Van Gogh and using lines and colours to create portraits in his style. We will also develop our sketching techniques and look at how to create shade and tint.

In **Computing** we will learn how to communicate effectively via email.

We will investigate the importance of audience, purpose and tone when sending emails to different people.

In **RE** we will be exploring the question 'Are the founders of the faiths good role models?'. We will be looking at Islam and learning all about different behaviours and what makes a good role model.

In **PSHE** we will be learning about sex and relationships. We will be discussing how bodies change as we get older and how to feel good about these changes.

We will also begin to understand that there are many differences in people and in groups of people and that these can be celebrated.

In **French** we will be learning about the names of fruits and food items. We will learn to read food labels and how to create a shopping list. We will also create our own shop/market and learn through role play.
